To: Mr. Scott Wyatt
President of Companion Flag Support International

From: Bahodir Shamsiyev
Ministry of Public Education of Republic of Uzbekistan

The Ministry of Public Education is very well aware of the conception of Companion Flag Support International (CFSI). We believe that it can truly make the world a better place, especially for our children and grandchildren. CFSI is equipped to facilitate the introduction of this idea anywhere in the world and certainly to plan and implement this project in schools and other educational Institutions.

The Ministry of Public Education would like it to be piloted in secondary schools of the Republic of Uzbekistan. We are ready to cooperate with CFSI since we are sure that the project will serve to support peace and freedom and oppose terrorism.

Bahodir Shamsiyev

Head of Department for International
Relations of Ministry of Public Education
