To Whom It May Concern.

Some days ago Scott Wyatt, President of Companion Flag Support International visited Tashkent. Uzbekistan State World Languages University was one of the organizations President Scott Wyatt visited and met with staff and students. The ideas and conception of Companion Flag Support International were fully supported and adopted by the Uzbekistan State World Languages University because the idea of friendship among people, between nations is very important in the epoch of globalization and it will strengthen the position of supporters of peace on the globe against international terrorism. This conception will be of a tremendous beneficial impact to students of secondary schools. To our mind they must be brought up in the spirit of the doctrine of Companion Flag since they are the future of the whole world .

We strongly recommend to promote the introduction and adoption of the Companion Flag in every secondary school of the world as well as in secondary schools of Uzbekistan.

Sincerely,

G.Shoumarov
Rektor
Uzbekistan State World
Languages University
